Join us for Fountain Street's 14th Annual Open Studios Weekend. For three days we open our doors to the public, sharing our art and workspaces. Fountain Street Studios is a thriving artists' community located in the historic Bancroft Building in South Framingham, Massachusetts. What began in 1996, when four artists shared the building with a variety of businesses, has now grown to include over 50 working artists, the largest artist community in Boston Metrowest.
